Welcome to The Studio!

Information for Parents & Dancers

Can I stay in the classroom with my dancer?

During the first week of classes, parents of students **ages 3-6** are welcome to sit inside the studio and observe classes.

Following the first week of classes, once your child has had a chance to adjust to his /her environment, we ask that you please refrain from sitting inside the studio. We find the children are less distracted and pay more attention to the teacher when parents are not in the room.

During the week of **December 10th -15th**, we invite parents to attend regular classes and observe the class routine. This is not a Christmas show, it is simply an opportunity for parents to see what the children are working on and the progress they have made since the beginning of the year.

We are a PEANUT FREE Studio!

For the safety of students and teachers, peanuts or products containing nuts are not to be brought into the studio.

We ask that you please abide by this rule, as it is a life threatening matter not to be taken lightly.
